

COLLAPSE OF RAIL
PEACE EFFORTS IS
BLOW TO CAPITAL

Believe President Will Be
Compelled To Take
Other Steps.

WANT RAIL STRIKE
SETTLEMENT FIRST

This Would Give Chance Of
Staving Off Shortage
Of Coal, Is Belief.

Washington, July 20.—Collapse of the railway labor board's efforts to make peace between the warring factions in the rail strike came as a staggering blow today to the administration's hopes and the belief was expressed in official quarters that, within 48 hours, President Harding will be compelled to take another drastic step to stave off the industrial paralysis that is steadily creeping on the country.

With the rail strike settled, the president and his advisers believed there was a chance of beating off the menace of a coal shortage through a resumption of mining behind troop protection. But the failure of peace plans at Chicago brings the government squarely up against the problem of what to do with the coal, even should it be brought out of the mines in sufficient quantities to meet the emergency.

Railroads Congested.
The railroads already are in a congested condition and crippled by lack of motive power, according to information to government sources.

One government official predicted today that if the rail strike is not settled within ten days, the situation will be one of "chaotic confusion" on all railroads.

President Harding was considering today the matter of taking the railway strike entirely out of the hands of the railway labor board and attempting to direct White House pressure to get the striking shop crafts and the executives together. To do this would necessitate the calling of the union leaders and the railway executives to Washington, possibly also the board itself.

Having backed the board thus far the president is reluctant to have another agency of the government step in and mediate differences in which the government itself, through the board, already is a factor.

Such action would be tantamount, it was pointed out, to one section of the government mediating a strike against another section of the government, and although President Harding has been strongly urged to take this step those close to him expressed confidence today that some other avenue action will be followed.

DISCUSS COURT ACTION

Court action is also being considered—particularly from the viewpoint of establishing collusion between the striking railway men and the miners. The department of justice has gathered a number of reports bearing on this phase of the situation.

Attorney General Daugherty was cautious in commenting on this possibility.

Salem And Alliance
Men's Bible Classes
Enjoy Joint Outing

One hundred and thirty men, members of the Men's Bible classes of the Presbyterian churches at Salem and Alliance, enjoyed a picnic Wednesday afternoon at Waverly lake. The Men's Bible class of the Presbyterian church at Sebring was invited, but they did not attend owing to the fact that their Sunday school had a picnic that day at another resort.

A baseball game between teams from the two classes and a tug-of-war were outstanding pleasures. In the ball game the Alliance team won and in the tug-of-war the Salem men carried off the honors. A supper was served.

Rev. P. H. Gordon, pastor of the Salem church, and Rev. M. Tate, pastor of the Alliance church, were included in the guest list.

Henry Ford Standing
Pat On Shoals Offer

Detroit, July 20.—Henry Ford has no answer to make to the scathing charges contained in the senate committee's report on his offer to buy Muscle Shoals.

From sources close to Mr. Ford it was stated that Mr. Ford considers the charges "old stuff" and intends to stand pat on his original offer to take over the gigantic project.

LEADERS OF LEAGUE OF WOMEN VOTERS

These six women, noted for their constructive work for good government, unite in urging every woman citizen to vote in their party primaries.

At a meeting in Cleveland, O., plans were made for an educational campaign to inform women of the country of the facts about primaries, through the Training for Citizenship Department.

The women pictured above are: Mrs. Maud Wood Park, president of the National League of Women Voters and head of the Division of Legislation and Law Enforcement in Washington, D. C.; Mrs. Richard Edwards, secretary and head of the Division of Publicity; and Miss Katharine Ludington, Hartford, Conn., treasurer.

Miss Elizabeth Hausen, second vice president, Director of the Training for Citizenship Department; Mrs. Solon Jacobs of Birmingham, Ala., third vice president, special representative to aid states with their legislative program.

Miss Elizabeth Hausen, Girard, O., secretary and head of the Division of Publicity, and Miss Katharine Ludington, Hartford, Conn., treasurer.

BIG CAMP MEETING
WILL OPEN FRIDAY

Four Dormitories, 60 Tents
And 40 Cottages Filled
At Quaker Hill.

The 17th annual Sebring campmeeting, which will open Friday evening at Quaker Hill, near Sebring, for a 10 days session, promises to be the largest attended of any campmeeting in the history of the association.

There are four dormitories on the grounds with 193 rooms in all, and they are all reserved, and there are 250 on the reservation list. The cottages number between 35 and 40 and they are already filled, and with the 60 tents occupied the camp is turned into a little city.

The principal workers, well known in this vicinity, are Bud Robinson, Rev. W. H. Huff, Rev. C. W. Ruth and Rev. Joseph H. Smith. J. M. Harris, who will have charge of the music, has already arrived at the camp.

REPORT MILITARY
LORRIES BLOWN UP

Belfast, July 20.—Three military lorries filled with Free State troops were reported today to have been blown up by land mines planted by Republican irregulars near the Ulster frontier.

Irregulars in the Tullamore and Birr Divisions are said to be conscripting all males over 14 years of age.

Dublin, July 20.—Battles were raging today at Limerick and Waterford between Free State troops and Republican irregulars.

Irregulars raised the drawbridge leading to Waterford hampering the movement of the Free Staters. Regulars then took up a position on the crest of Mount Misery and opened a terrific fire with light artillery, machine guns and rifles.

Free State forces are reported to have captured King John castle at Limerick in a storm assault.

Reckless Driver Fined

Charged with reckless driving of an automobile Perry Zeppernick, New-castle rd. was fined \$15 by Acting Mayor B. L. Flick and released after being given advice on driving within the corporation limit. Zeppernick was arrested Tuesday night, police state.

W. H. saw an automobile on Main st with a call tied in the back seat and a crate of chickens tied to the tire carrier at the back.

Railroad Detectives
Are Shot, One Fatally

Monongahela, Pa., July 20.—Three Pennsylvania railroad detectives and a constable, patrolling the Ellsworth branch of that road, following an attempt to blow up the railroad bridge at Reed's Mills, were shot from ambush early today and at least one of the wounded officers will probably die.

The men were on a gasoline speeder between Cokeburg and this place when several men hidden in bushes near the Bentleyville-Ellsworth village line, opened fire.

POSTAL TELEGRAPH
OFFICE IS ROBBED

Burglars Gain Entrance By
Rear Door, \$20 Missing
It Is Reported.

The Postal Telegraph and Cable Co. office, 10 Broadway was entered by thieves Wednesday night or Thursday morning and loot amounting to approximately \$20 was secured, reports state.

Entrance to the building is said to have been gained through the back door. Police authorities were notified and are conducting an investigation according to a statement of a Postal Telegraph official.

No other robberies were perpetrated, it was announced Thursday at the city hall.

Plan School Reunion
At Franklin Square,
Galbreath To Speak

The first reunion of former teachers and scholars of the Franklin Square school and Homecoming day of Franklin Square and community will be an event of July 23.

C. B. Galbreath of Columbus will be a speaker of the day. Short talks from other teachers and scholars are expected. Orchestra music will be an attraction.

Free transportation has been arranged from the street car station in Leontonia at 10:30 and 11:30.

Indications are there will be a large attendance. Friends from a distance as well as those living near are planning to spend the day at the reunion. Dinner will be served at 12 o'clock.

\$2,000 IS RAISED
FOR VILLA MARIE

Nearly \$2,000 has been raised by parishioners of St. Paul's Catholic church toward their part in the \$150,000 fund being raised by Catholics over the state toward the repairing and remodeling of Villa Marie, near Lowellville, according to information given out Thursday morning.

The grand closing of the campaign will be Sunday, July 30, at Villa Marie, and a committee from the local parish will attend.

Strike Halts Boats

Cleveland, July 20.—All daylight boats between Cleveland and Detroit have been discontinued temporarily, owing to the coal strike, it was announced here today.

OPERATORS MAKING
NO MOVE TO OPEN

Ohio Coal Men See No Way
To Resume Under Plan
Harding Offers.

Cleveland, July 20.—With practically all Ohio mines organized 100 per cent strong and the lines of the United Mine Workers of Ohio standing unbroken, any talk of re-opening the mines under the protection of federal or state troops is a gesture and nothing more, prominent Ohio coal operators said today.

While it was possible that men to perform the unskilled labor around the mines might be obtained if protected from possible violence, men who work on the face of the coal must be experienced and there is not the slightest chance in the world of securing enough such men to do the work, it was admitted.

No operators were willing to be quoted directly, but large producers in the Eastern Ohio fields did not conceal their anxiety to resume operations at an early date, and believed that a way might be found to reach an agreement with the union that would permit this to be done. Every day that the strike continues in effect increases the probability of a serious coal famine in the northwest and Ohio, it was admitted.

At the same time an investigation of retail prices disclosed that consumers were being called upon to pay ever-mounting prices for such fuel as is obtainable. Prices for soft coal at retail average between \$9 and \$11.50 a ton delivered, which is believed to represent a large margin of profit either for the retailer who had the coal in stock or the non-union mine producing it.

Progressives Sweep
Nebraska Primaries

Lincoln, Neb., July 20.—With only 220 of the 1913 precincts in the state missing, Progressive Republicans have swept Nebraska for every office from sheriffs to United States senator. As the vote count progressed Adam McMullen took the lead from Charles H. Randall for governor.

MIKE ENTERTAINS CHILDREN
BUT NEIGHBORS DISAPPROVE

Nahant, Mass., July 20.—"No court in the land can regulate a child's laughter."

Such is the philosophical answer of Mike De Carle to his wealthy and fashionable neighbors who have summer homes near his own and who have registered their disapproval of Mike's entertaining poor city children, and "working men" by summoning him to court.

Before his fine eighteen-room summer home, Mike placed a notice reading: "Any workman, regardless of color, creed or nationality can have the use of a room in this house for one week free of charge."

TWIN STRIKES COST
535 MILLIONS AND
LOSS GROWS DAILY

Nearly 200 Million Dollars
Lost To Date In Wages
Of Employees.

Washington, July 20.—The twin coal and rail strikes to date have caused a loss of \$535,000,000 to workers, employers and American industry generally and the figures grow hourly, according to best estimates made today by government statisticians.

Railway workers and coal miners on strike lose in the aggregate \$7,500,000 a day in wages. The total loss to date in both the coal and rail strikes in point of wages is \$193,000,000. The loss to coal operators, figuring on average of \$1 a ton for bituminous coal that would have been mined during the 16 weeks of the strike is approximately \$240,000,000. The total daily loss in coal production, both bituminous and anthracite, is averaged at 75,000,000 tons.

The number of men on strike in the twin tie-ups is between 1,250,000 and 1,500,000. Of these 630,000 are miners and 550,000 rail workers. The men involved in the coal strike include 530,000 bituminous miners and 160,000 anthracite miners. Ninety thousand of the miners on strike are said to have joined the union since April 1, the date of the general walk-out.

The men involved in the rail strike include slightly more than 500,000 (Continued on sixth page.)

Chief Inspects Fire
Plugs Thruout City

The semi-annual inspection of fire plugs was started Thursday by Fire Chief Vincent Malloy. Every plug within the city is to be carefully examined and necessary repairs defrayed from the \$270 appropriation granted the safety department for that purpose.

Special attention will be paid fire plugs in the flats which safeguard manufacturing plants. It was announced as complaints brought before council stated that those plugs are inadequate to meet the demands.

Davis Asks Sheriffs
To Report On Strike

Columbus, July 20.—Sheriffs throughout the state have been requested by Gov. Davis to keep him advised daily concerning the strike situation. A report of the number of deputies available for duty, also, was requested of each sheriff.

Adj. Gen. Florence, returning from Camp Perry, conferred with Gov. Davis, presumably to discuss military problems in connection with the rail and coal strikes.

DRY PAPER BACKS
OHIO CANDIDATES

Four Republicans And All
Democrats For Governor
Indorsed.

Columbus, July 20.—Four candidates for the Republican nomination for governor and all of the Democratic gubernatorial candidates are endorsed by Anti-Saloon league, in an article appearing today in the "American Issue," official publication of Ohio's dry workers.

The Republican candidates who are listed favorably by the league are: Carmi Thompson, Cleveland; Rupert R. Beethem, Cadiz; Arthur Day, Cleveland; and Daniel W. Williams of Jackson.

Discussing the candidacy of Congressman C. L. Knight of Akron the article says: "Mr. Knight is against everything and everybody." "A clever old school politician" is the role given the secretary of state, Harvey C. Smith, of Zanesville, in the dry publication's article, which declares that "he believes he is smart enough to sit on the bench and fool the voters on both sides."

Britain Ratifies Pact

London, July 20.—Great Britain today formally ratified all the treaties drawn up at the Washington conference. The act of parliament ratifying the treaties became a law this afternoon through royal assent.

24 Million Russians
Are Starving, Doctor
Tells World League

London, July 20.—Twenty-four millions of Russians are starving, Dr. Friedrich Naunzen reported to the league of nations council here this afternoon.

The condition of the famine areas is most desolate, Dr. Naunzen said. Many of the peasants are so weak from starvation that they can not till the fields or harvest crops.

Dr. Naunzen asked for the establishment of an international commission to direct Russian relief work.

German Mark Drops
Berlin, July 20.—There were wild scenes on the Bourse today as the value of the German mark fluctuated in consequence of newspaper announcements that the allies were going to take over control of German finances. There was considerable dealing in foreign securities.

The mark went to 535 to one American dollar.

REQUESTS U.S.
TO RUN MINES
IN MICHIGAN

Gov. Groesbeck Suggests
Move In Telegram To
President.

Lansing, Mich., July 20.—Gov. Alex. J. Groesbeck in a telegram to President Harding shortly before noon today suggested government operation of the Michigan coal mines and invited the president to give state executives authority to take over the mining properties.

The text of the telegram follows: "Mr. Lewis wires refusal of permission to district miners in Michigan to meet operators and resume work under agreement in force previous to April 1. Says settlement must come through national body. As matters now stand no coal will be produced unless properties are placed under public control."

In view of extraordinary emergency existing throughout the nation, public and private industries being paralyzed, consumers being mulcted and Hoover riders being ignored, constituting as it does a challenge of government authority and power, would suggest that steps be taken at once to open mines and run them until difficulties are adjusted and legislation is adopted calculated to prevent recurrence of present trouble and establishing equitable relationship between owner and worker and likewise protective of the public interest.

"Please advise further decision or wishes in the matter."

Girl Found Dead,
Friends Quizzed

Cleveland, July 20.—Esther DeMay, 19, of Rankin, Pa., was found dead in a room at the Hotel Savoy, Euclid ave., this morning, and police are having a jockey and a show girl for questioning.

Coroner P. A. Hammond declared that the death was caused by acute alcoholism.

Train Wrecked, 8 Hurt

Americus, Ga., July 20.—The Southland, crack train from Detroit and Chicago to Tampa, was wrecked early today between Smithville and Adams Ga., on the Central of Georgia tracks, when it struck a broken rail.

Eight passengers were injured, none fatally, it is believed.

WEED ORDINANCE
IN EFFECT TODAY

Weeds Must Be Cut Or City
Will Do Work And Send
Bill To Owner.

The weed ordinance passed one month ago by Salem city council went into effect Thursday.

Announcement was made by Service Director J. B. Bristol that all property owners will have to abide by the ordinance or the city will cut the weeds, charging \$1 a lot in addition to a charge of 40 cents an hour for labor. Bills for this work will be sent to property owners and if not paid the amount will be entered on the tax duplicate.

To insure a successful city wide weed cutting campaign Service Director Bristol has requested information regarding vacant lots. He asks that all complaints be in writing, giving the location of the lot, the owner of the lot and the name of the complainant. In no cases will anonymous complaints be attended to, he stated.

ACME STORE FIRE
PROBE CONTINUES

Further investigation of the fire at the Acme Dollar store, 163 Main st., Sunday morning, July 16, will be made by M. V. Patton of Cleveland, chief of the arson department of the state inspection division.

Mr. Patton spent two days here last week probing clues of a criminalism but made no report of his findings. On his return here this week it is expected he will complete his investigation and give a report on the fire which destroyed merchandise appraised at \$20,000 and caused property damage of several thousands of dollars.

Village Funds Short
\$50,000, Experts Find

Chicago, July 20.—Accountants, who are investigating the public funds of the village of Franklin Park, a suburb, already have found a shortage of approximately \$50,000. It was age of approximately \$50,000. It was age of approximately \$50,000. It was age of approximately \$50,000.

The condition of the famine areas is most desolate, Dr. Naunzen said. Many of the peasants are so weak from starvation that they can not till the fields or harvest crops.

Dr. Naunzen asked for the establishment of an international commission to direct Russian relief work.

SALEM COAL BINS
BEING FILLED, NO
SHORTAGE IS FELT

County Operators Will Not
Attempt To Open Mines
Until Settlement.

WAGON MINES KEEP
CITY PLANTS GOING

Pumping Station Has Coal
Sufficient To Last
Until Oct. 1.

Entering on the 111th day the coal strike situation in Salem and Columbiana county is little changed despite the orders issued by President Harding to operators that they open their mines and produce coal under protection of state troops and federal troops if necessary.

Going out on strike April 1 the miners in Columbiana county have not resorted to violence and indications are that all mines in the county will remain idle until a peaceful settlement has been reached.

Over 2,000 miners in the county walked out when the United Mine Workers officials called a strike. They struck 100 per cent in Columbiana county with the exception of a few wagon mines which have been operated near Salem.

In the southern end of the county operators have stated they are sitting tight and so far have received no orders to operate the mines.

At West Point the mines are still idle with about 500 men maintaining a 100 per cent strike and at Salineville over 600 miners are out and operators have declared they have received no orders to start operations and will not attempt to do so.

Salem Supply Holding Out
Despite the fact that the Salem, West Point and Salineville mines have been non-producers since April 1, no pressing coal shortage is felt in the county, it was reported. This situation is said to exist because of the number of privately owned and operated mines which are producing approximately two-thirds of the amount needed for consumption in summer months but the outlook for winter is presenting a different aspect and it is predicted that a real shortage will be felt then.

In Salem as in other places many manufacturing plants are purchasing power and not generating their own power, thus saving their coal supply.

The waterworks pumping station has sufficient coal on hand to operate until Oct. 1. Service Director Bristol announced. Coal is being unloaded at the pumping station from privately operated mines and unless they close the plant will be able to tide over until the strike is settled.

In the immediate vicinity of Salem there are several privately operated mines producing from one to six carsloads daily. Most of this coal is sold in Salem.

JAIL 96 SUSPECTS
AFTER MINE CLASH

Steubenville, July 20.—The list of known dead in the recent mine clash at Cliftonville, W. Va., was increased to five late last night when the partially decomposed body of an unidentified miner was found in a clump of bushes about 50 yards from where Sheriff H. H. Duval was slain.

The discovery was made by Deputy Sheriff Herbert Allen. The body had been riddled with bullets. A bullet wound in the head is believed to have caused the miner's death. No marks of identification were found. Following the finding of the body deputies and other appointed officials began another search of the hills and underbrush in the belief that still more bodies may be discovered.

Forty-five additional prisoners were taken yesterday and today in the Cliftonville and Avella areas and were being held in the Brook and Ohio county jails bringing the total up to 96 for the three days.

The fire had died out in the McKinley mine tangle and it was announced today that as soon as the insurance is adjusted repairs will be made and operations resumed.

Offer Autos For Mail

Lima, O., July 20.—A fleet of Lima owned automobiles will be at the disposal of Postmaster C. A. E. Gail in the event that the strike of the railroad shop cranes blocks movements of mail in and out of the city, by train, mail in and out of the city, by train, mail in and out of the city, by train.

Free Speech

C. E. RUTENBERG, who was the

Socialist candidate for governor of

Ohio in 1912 and who now calls him-

self the executive secretary of the

Workers' Party of America, openly

glories in the Herrin massacre. He

calls that lynching a victorious

defense against the wage-cutting, union-

smashing campaign of the capitalistic

class. Eugene V. Debs also is on the

warpath again. His remarks on the

government's efforts to guarantee

order are fully as inflammatory as

anything said publicly in the course

of the war. He seems to think that

these efforts to safeguard life and

property constitute contemplated mur-

der. He would overthrow the govern-

ment in its present form and set up

in its place a visionary industrial

democracy.

The sensible citizen's first reaction to

the words of these misguided, though

doubtless sincere, men is to think that

their wild appeals to class conscious-

ness ought to be suppressed. It is

perhaps true that the voicing of their

revolutionary ideas has the effect of

stimulating violent passions among

persons already strongly inclined that

way. But in the larger view free

speech is the best policy and the

wisest. The very madness of the theo-

ries of the radical extremists, who de-

fend murder and would destroy all

that the American genius for self-gov-

ernment has built up, in the crazy

hope that the present Russian model

would make for greater justice and

happiness, tends powerfully to rally

all the forces of Americanism to the

support of constituted authority.

Grave injustices are done under our

plan of government, because the na-

ture of man is almost always selfish

and often cruel, but the alternative is

horrible. We must stand by consti-

tuted authority in every firm effort it

makes to enforce the law of the land.

Ruthenberg and Debs help every loyal

man and woman to see that more

clearly than ever.

The Public's Interest In Coal

THE strike of the union coal miners

has been on since April 1, yet it is

doubtful if the public has been stirred

as it should be by the three months'

cessation of production of this impor-

tant commodity. It also is doubtful if

any considerable number of the public

has made any move to impress upon

strikers and operators their interest

in the strike. They will be more ex-

pressive of their interest if the threat-

ened shortage of coal actually occurs

and their bins have not been filled for

the winter and there is no coal to fill

them with. A better time to speak is

now.

The interest of the public is greater

than many of the public seem to real-

ize. The Geological Survey says that

75 per cent of the horse-power employ-

ed in the United States is dependent

on coal. By another chronicle of sta-

tistics we are told that each work-

man in the country is backed by 3½

horsepower. Consider what it means

to these workmen to have three-

fourths of their power of production

eliminated. Perhaps this will give the

public a stronger impression of its

interest in the coal strike than it

seems to have.

If the horse-power back of the in-

dustry is withdrawn production will

be crippled to the extent of 75 per

cent. Three-fourths of all the work-

men of the country will be thrown out

of work. Production and distribution

will cease as to three-fourths of the

capacity of the country.

How long can the nation subsist on

this basis? Every individual outside

the industry will be reduced to one-

fourth his present efficiency and con-

ents any information as to his inten-

tions. William, son of Jacob Imober-

steg, Beloit, disappeared about the

same time.

The nail mill was compelled to shut

down last night on account of the

scarcity of rods. This morning a large

shipment of rods arrived, but too late

for today.

Members of Quaker City band will

keep "open house" at the band rooms

on Wednesday, the opening day of the

congressional convention.

Management and force of The Her-

ald office are busy today moving the

plant from Chestnut st to Main st.

Tomorrow afternoon the 104th ses-

sion of the Green township Sunday

school union will be held in the new

school house at Millville.

Miss Mayme Cessna, who is ill of

typhoid fever in a New Castle (Pa.)

hospital, is improving. She will come

to Salem as soon as she is able to

travel, visiting relatives and friends in

and near this city.

DAVIS SAYS MINES WILL BE GUARDED

Columbus, July 20.—Assuring that Ohio has "ample powers and resources to compel obedience to law, and to safeguard the rights of citizens and to suppress violence," Gov. Davis today said President Harding that "Ohio stands fully prepared to act without delay" in furnishing protection to mine owners who wish to open their mines in accordance with the president's request.

The governor's response to the president's message asking the state's cooperation in getting the mines running, called attention to the fact that national guard troops have been under arms for some time ready to suppress violence in connection with mine strike and safeguard the rights of citizens.

The full authority of the state of Ohio has been ready and will be ready to be marshaled into action when such step arises, including the employment of all civil or military measures that are requisite effectively to maintain order," the governor's response declared.

No intimation has yet been given by Ohio operators whether they will attempt to reopen their mines in accordance with the president's request and before any agreement has been obtained with the miners.

CLARK CIRCUS TO APPEAR IN SALEM FRIDAY, JULY 28

The M. L. Clark & Son's combined circus will exhibit in Salem, Friday, July 28.

The big show will arrive here aboard its special train of railroad cars, with all of its magnitude and grandeur, revealing a fairland ever so dear to childhood's happy days.

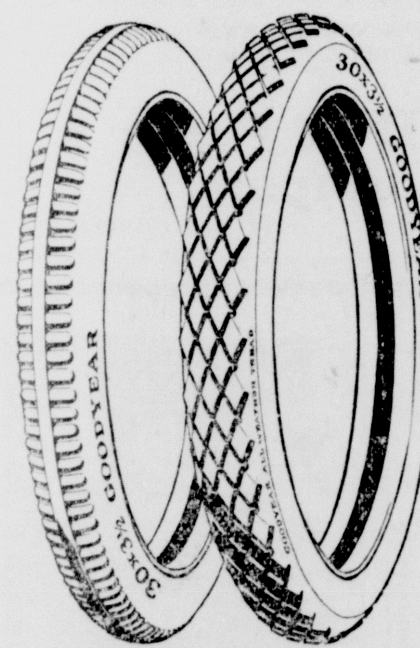

Many new features of novelty and daring will be displayed in this season's show. Foremost among the feature acts will be the Davenport family of equestrians and riders; the Silver-ton trio, equestrians; the Alpine Sisters, dancers on a lofty wire; the Aneta troupe of gymnasts and the Siegfried family of aerialists. A score of clowns will furnish fun for the little folks.

The menagerie of the Clark show contains many interesting specimens of wild animals, among them being Mena, an elephant 10 feet and 9 inches in height, the largest land animal in captivity, being two inches taller than the famed Jumbo. A 10-acre zoo contains African and Nubian black maned lions, tigers, pumas, jaguars and leopards.

2,000 Farmers Attend Tractor Demonstration

Two thousand farmers from Columbiana county, Cleveland and points in Pennsylvania gathered at Eagleton glens Wednesday for the demonstration of Fordson tractors. Twelve tractors were in operation, plowing, discing, cultivating corn, planing roads, threshing, cutting ensilage corn, sawing wood and binding.

The morning was taken up with these demonstrations and in the afternoon addresses were made by Mr. Malley, tractor manager of the Ford company, and Mr. Brown, both from the Cleveland branch. Other talks were given by representatives of implement manufacturers.

A delegation of Salem retail merchants mingled with the crowds and with the aid of Boy Scouts distributed 500 fans which were appreciated, especially by the women.

GREENFORD

Mrs. Wm. Barnes left for Custer, Mich., to visit her parents, Mr. and Mrs. Calvin Schiffer. Her mother is ill.

V. V. Zimmerman of Youngstown spent Sunday with his parents, Mr. and Mrs. Lyman Zimmerman.

A farm tractor demonstration was held at Eagleton glens Wednesday. A number from here attended.

Mrs. Anna Lower of Butler, Pa., spent the week-end with Mrs. Lydia Rhodes, and Monday and Tuesday with Mrs. K. B. Bush.

The threshing whistle is again heard as M. G. Huffman and D. M. Charlton will have their wheat threshed this week.

Mr. and Mrs. John Hively and daughter Darlene, recently visited her parents, Mr. and Mrs. John Cook at Elwood, Pa.

The Solomon Clay families and their children held a reunion at the home of Mr. and Mrs. Moses Clay, near Toot's Corners Sunday. There were 82 guests present and all enjoyed the occasion.

The Busy Bees, a sewing club, in company with Miss Margaret Dotwiler, enjoyed a wicker roast with lemonade, last Thursday evening at the home of one of their number, Lois Kendig. There were six members present.

It was announced last Sunday that the Lutheran Sunday school and church will hold a picnic. Time and place will be announced later.

There will be no evening preaching service held in the Lutheran church during the months of July and August. The Lutheran Boosters will hold an ice cream festival in the park Saturday evening, July 22.

Mr. and Mrs. H. C. Armstrong and

children, James, Alice and William, and Mrs. Charles Enley, of Lisbon, spent Sunday with Mr. and Mrs. A. G. Cobern and family. Miss Alice, will remain for a week's visit.

The Campfire girls returned Sunday after a week's hike.

OHIO APPLE CROP SHOWS DECREASE

Columbus, July 20.—Ohio's apple production this year will be from 40 to 50 per cent of a full crop and the peach crop will be from 60 to 70 per cent normal, according to C. J. West, state federal crop reporter.

Crops in various parts of the state will vary considerably, Mr. West said, pointing out that late frosts had injured the late varieties of both peaches and apples more than ordinarily.

Apples are free from scab and scale in localities where orchards have been sprayed, Mr. West said.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-Four Hours

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenrhu, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Mr. James H. Allen of Rochester, N. Y., the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. All druggists can supply you.

Mrs. Wells Asks Another Hearing

Columbus, July 20.—Mrs. Stacia Wells, first wife of Youngstown's "Millionaire Doughboy," filed a motion in the supreme court here for a rehearing of the often contested divorce suit. Recently the supreme court legalized Wells' marriage to his second wife thus making the birth of their child legitimate and at the same time overruled the action of the court of appeals which nullified the divorce of Wells from his first wife.

Guards have been beaten and strikebreakers intimidated, with the result that railroad officials have asked that adequate protection be provided.

Plugging Out.

A Kentucky man seems to have found a relative of the city girl who thought it must be cold work harvesting the winter wheat.

The young woman of whom the Kentuckian tells is a native of Cincinnati, and was lately talking with him about tobacco and tobacco-raising.

"I should like ever so much to see a tobacco field," she said, "especially when it is just plugging out."—Way-side Tales.

Moava Quick'y Defeats Deadly Pyorrhea Germs

Proves Moava Treatment Makes Miserable Despondent Pyorrhea Sufferers Well and Happy in Short Time

Here is the one sure way to get rid of Pyorrhea with all its disgusting symptoms—Bad Teeth and Bleeding, pus discharging gums.

Go to your druggist today, ask for a tube of MOAVA DENTAL CREAM and use carefully according to directions. Instantly you will feel the effect as its penetrating, antiseptic properties are carried into the crevices and pockets where the Pyorrhea germs thrive. Your teeth will begin to tighten, the gums will stop discharging pus, bleeding or receding and the entire mouth or oral cavity will feel cleaner and taste sweeter.

MOAVA is surely creating a sensation among dentists and people who for years have suffered humiliation caused by unsightly teeth and gums.

MOAVA is no ordinary tooth paste. It is the formula of a Rochester, N. Y., dentist, the result of several years careful study and experiment, and so speedily does it bring relief and stop the progress of the disease that dentists and professional men are simply amazed. Get a tube of MOAVA Dental Cream today. You'll make no mistake. If you really are a sufferer from Pyorrhea or Rigg's Disease you have surely wanted to know if a treatment existed that would put an end to your troubles. MOAVA DENTAL CREAM is just such a treatment. Prisoners Make Electricity For State Buildings

Columbus, July 20. — The greatest battery of electric lights that ever played upon a public exhibition will be installed at the state fair grounds for the annual exhibition to be held the last week of August.

And outside of the installation the cost will be comparatively nothing for the current will come from the penitentiary where prisoners maintain one of the most complete electrical plants in all Ohio.

In addition to furnishing the current and light for the state fair grounds very few Ohioans realize that all state owned and operated buildings in Columbus are using prison-made electricity. This includes the state house, the governors home and every office in the three state owned and operated department buildings as well as the schools for the deaf and the blind.

At the state fair grounds for the annual exhibition thousands and thousands of globes will spread their rays to every nook and corner of the great exhibition fields and displays both under tent and even the stock barns and poultry pens so that it will be as bright by night as it is by day, and in the cool of the evenings the teeming throngs may enjoy themselves.

Secretary of Agriculture L. J. Taber has announced extensive plans under way for the fireworks display and free exhibition which will be a part of the daily program during the entire week.

OBITUARY

Mrs. LaRue Frederick

Mrs. LaRue Frederick, 64, died at 4 p. m. Wednesday of Bright's disease and complications at her home, 64 Garfield ave., after an illness of eight months.

Mrs. Frederick had been bedfast for four months in a Buffalo hospital, arriving in Salem at noon Wednesday, just a few hours before she died.

Mrs. LaRue Frederick, daughter of Dr. and Mrs. Jacob Bossert, was born Dec. 30, 1858, at Washingtonville where she lived her early life.

She is survived by two sisters, Mrs. J. H. Stamp, Alliance; Mrs. Mary Kindig, Washingtonville; one brother, Orlando Bossert, Washingtonville; two daughters, Mrs. C. M. Stamp, Cleveland; Mary F. Bricker, Salem; and one granddaughter, Justine LaRue Stamp. The funeral will be at 2 p. m. Saturday at the home, 64 Garfield ave., Rev. H. H. Scott in charge. Interment in the Odd Fellows cemetery, Washingtonville.

Mrs. Elizabeth J. Fultz

Mrs. Elizabeth J. Fultz, widow of Ebenezer Fultz, died at 4:15 p. m. Wednesday in her 85th year at the home of her daughter, Mrs. G. W. Spiker, 71 Roosevelt ave.

Mrs. Fultz was the mother of ten children six of whom are living. They are Elmer and Charles Fultz and Mrs. Laura Crowl of Minerva; Mrs. C. D. Fishel of Alliance; Mrs. Charles Deville of Canton; and Mrs. G. W. Spiker at whose home she died. One sister and one brother also survive.

The funeral will be at 2 p. m. Friday at the Presbyterian church in Hanoverton. Interment in Grove Hill cemetery.

Friends may view the body from 7 to 9 p. m. Thursday at the Spiker home 71 Roosevelt ave.

Mrs. Harriet Arter

Lisbon, July 20. — Miss Wilhelmina Thompson and Mrs. Kate Lodge received word Tuesday afternoon, announcing the death of their sister, Mrs. Harriet Arter, which occurred in Cleveland.

Mrs. Arter had been in ill health for several months, and had been in Lakeside hospital where her death occurred. She was born in Lisbon and spent her early life here, locating in Cleveland soon after her marriage with George Arter of Lisbon. Mr. Arter's death occurred a number of years ago and Mrs. Arter is survived only by her two sisters, Miss Thompson of Lisbon, and Mrs. Lodge, who has been here from the west on an extended visit.

Funeral services will be held at the family home in Cleveland at 1:30 p. m. Friday and the body will be taken to Canton for burial beside that of her husband.

Mrs. H. G. Baldwin

Friends here have just been advised of the death of Mrs. H. G. Baldwin, Cleveland, which occurred early Thursday morning. She had just recently returned from a trip.

Mrs. Baldwin was Miss Emma Strawn and was well known here.

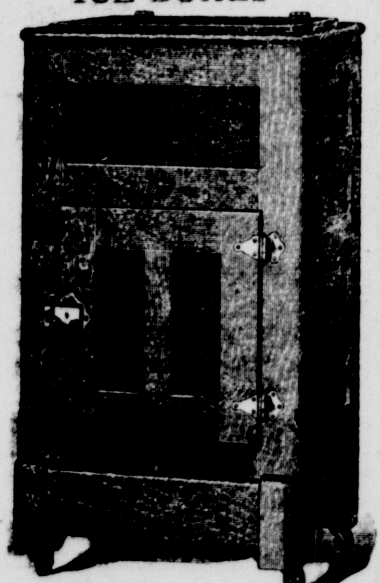

Announce Extension Organization Change

More completely to identify home demonstration work and boys' and girls' club work with the work of the county agricultural agents, and to make of the whole a unified program of extension education for the entire family, H. C. Ramsower, State Director of Extension, announced from the Ohio State university today a number of changes in the extension organization.

O. M. Johnson, W. W. Brownfield, George R. Eastwood and D. S. Myer, charged heretofore only with supervision of county agricultural agents in the four geographical quarters of the state, now become supervisors of the entire extension program in their respective territories. Their various titles of county agent leader and of assistant county agent leader are abolished, and they will be known as District Supervisors of Extension.

Under this new title, it is further announced, these men will be directly responsible to Mr. Ramsower for the promotion and correlation of home demonstration and of boys' and girls' club projects along with the development of farm projects in their quarters of the state. As in the past, Mr.

CARD OF THANKS

We desire in this manner to thank all those who assisted us in our sad bereavement, the loss of our mother and wife; also for oral offerings from neighbors and friends, Veterans of Foreign Wars, Ladies' Aid society of Lutheran church and Rev. Rutzy for his consoling words.

TWIN STRIKES COST

(Continued from first page.)

shop crafts workers, 8000 stationary firemen and others and about 42,000 others from various brotherhoods, including about 10,000 maintenance of way men.

The latter 42,000 are "on-law" strikers as their action has not been authorized by their chiefs. The rail strike is now in its third week, having started July 1. Track men, numbering 400,000 are threatening to walk out.

It was pointed out by a government official today that the public will suffer from lack of facilities to move necessities and from lack of one of the necessities, if the strikers end, the public will have to foot the bill of the twin tie-ups—as freight and coal rates are bound to soar as the only avenue of industrial financial recovery.

Dietetic Drive Aimed At Unsuspecting Hen

Those dietetic investigators who have circularized prominent Americans to find out how different foods affect their efficiency may be interested at the end of the present summer to obtain a statement from Biddy, Ohio's average hen.

For Biddy is going to try a new diet which the professors at the Ohio State university and at the State Experiment station say will help her a lot in her work. They say it will make her lay around twice as many eggs and feel fine while doing it. They say they can prove it.

Biddy doesn't know anything about it yet. Her owner, the average farmer, knows little more. He has been told that to get the eggs he ought to feed a ration that has in it the things which go to make up eggs. Animal protein is the main thing, he has heard, and the rest of the egg-making constituents ought to be balanced in proportion to definite dietetic needs of a hard-working hen. And average farmers in nearly all the rural townships of Ohio have told their county agents that they'd be glad to try the thing out, and to let their neighbors in on the result.

As a result, a demonstration campaign covering entire state has been organized through the county agents and township farm bureaus. Beginning next week, hundreds of farms selected for such demonstrations will change over in their flock feeding to a home-mixed ration on the so-called Ohio formula. After three weeks such feeding these farmers will hold a neighborhood meeting at their henhouse door and show their neighbors their egg records, before and after trying the balanced ration.

Find Bodies Of Man And Woman In Creek

Williamsport, Pa., July 20.—After an all-night search for evidence that would clear up the mystery of the deaths of Mr. and Mrs. H. M. Sharer of Attica, N. Y., whose bodies were found in a creek near Bodine last night with the throats cut, police are still puzzled and have been unable to determine whether it was a case of double suicide or murder.

G. W. LACY'S HAY FEVER YIELDS TO KERKER'S REMEDY

Well-Known Railroad Engineer Renders Highest Praise

"My husband, G. W. Lacy, has had the hay fever almost all his life, and has even taken trips to Michigan, thinking a change of climate would bring relief, but Kerker's Asthma and Hay Fever Remedy is the only thing that has ever brought the desired results."

So says Mrs. G. W. Lacy, Orrville, Ohio. Mr. Lacy is an engineer for the Cleveland, Akron & Columbus railroad. Mrs. Lacy further states that Mr. Lacy took many other alleged remedies and doctored with physicians and chiropractors, without results, "but the Kerker Remedy worked like magic and he can now enjoy sound, restful sleep."

(Signed) "MRS. G. W. LACY, Orrville, Ohio."

Kerker's Asthma and Hay Fever Remedy is sold in Salem exclusively by The J. H. Lease drug stores.

Drop Of Billion In Expenditures Of United States

Washington, July 20.—According to a statement of classified expenditures for the 12 months ending June 30, issued by the treasury, ordinary expenditures aggregated \$3,372,000,000 against \$5,116,000,000 the previous year, while public debt disbursements amounted to \$7,031,000,000 as against \$9,182,000,000 for the fiscal year 1921.

Interest on the public debt aggregating \$991,000,000, compared with \$999,000,000 for 1921, was the largest item of ordinary expenditure during 1922; the navy department, with \$475,000,000, against \$650,000,000 for 1921 was second; the war department, with \$454,000,000, against \$1,101,000,000 stood third, and the veterans' bureau with \$400,000,000, there being no charges against this item in 1921, was the fourth largest on the list.

Retirement of certificates of indebtedness to the amount of \$4,775,000,000 made up the majority of public debt disbursements, although there was a decrease of \$2,777,000,000 in this item as compared with the previous year. Victory notes retired during the year aggregated \$1,908,000,000, against \$322,000,000 for 1921.

Retirement of Liberty bonds was as follows: First loan, \$413,000,000, against \$202,000,000 in 1921; second loan, \$6,000,000, against \$9,000,000; third loan, \$138,600,000, against \$51,000,000 and fourth loan, \$9,000,000 against \$39,000,000.

National bank and Federal Reserve notes retired aggregated \$107,000,000, against \$37,000,000 the previous year.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair, vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and youthful appearance within a few days.

Gold Is Mined Near Washington

The billions in the U. S. mint and treasury in Washington, D. C., do not constitute the only gold near the nation's capital. The first hit of gold near Washington has been found at Bull Neck Run, just across the Potomac, in Virginia, and U. S. Sen. or William H. Sebring Men Charged With Stripping Tires

Clarence Metcalf and Gideon Benner, both of Sebring, were taken in charge by Columbiana county officers at Sebring Tuesday evening and taken to the county jail.

The charge against the two men is that of cutting a strap which held two additional tires at the back end of one of the transfers of the Lisbon Auto & Transfer Co. The machine was standing at the west end of the court house when the attempt was made to loosen the tires. They are also charged with attempting to steal

Mother-To-Be, Read This—

There is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. As a qualified physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable free illustrated book, "Mother's Friend," containing important authoritative information which every expectant mother should read and about "Mother's Friend," to Broadfield Regulator Company, B.A. 22, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

Two Husbands Given Divorce For Neglect

Gross neglect of duty and wilful absence was urged by two East Liverpool husbands in common pleas court Wednesday as grounds for divorce and in each case Judge Moore granted the divorce.

Ira A. Dearth, married his wife Lulu, on April 16, four years ago, and he told the court that she had been absent from him since about one year after their marriage. She is living in East Liverpool, and made no contest when her husband appeared and asked the court for a divorce. The decree was entered because of wilful absence.

Gilbert Menough of East Liverpool was divorced from his wife, Roxie, because of gross neglect of duty. They were married in East Liverpool on Aug. 8, 1915, and their child, Ethel, is five years old. The child is with the mother of Mrs. Menough, and she will remain in her care.

LEONARD-TENDLER BOUT ATTRACTING THROGS OF FANS

Advance Sale Of Tickets Runs Beyond \$300,000 Mark Already.

New York, July 20. — It looks as though the harvest moon is shining over the worthy Mr. Rickard's left shoulder as he makes ready for business at the Tondler-Leonard enterprise over the river in Jersey, July 27. The advance sale of tickets ran beyond the \$300,000 mark today, according to the announcement issued from Madison Square Garden and by the time the young men enter the ring, a round million dollars should be in the house.

The contestants have gone into retreat, Leonard at Budd Lake, N. J., and Tendler at Delanco, N. J.

Doyle's Thirty Acres can hold as many as 100,000 persons and a great percentage of that number will respond without any unnatural persuasion.

As long as Broadway continues to speculate on the outcome of the bout, Rickard knows that the box office will not be neglected. It has taken so long to get Leonard and Tendler into the same ring that interest in the bout seems to be out of proportion to the box office value of the enterprise.

But it will not be all velvet for Rickard. The stadium at Jersey, not in the best of physical health at any time, suffered a relapse after the Dempsey-Carpenter bout has needed much in the way of rehabilitation. It was necessary also to install a lighting system in order that the customers may see what it is all about.

Irish Regulars And Eagles Play Series Of Games

NEW STRENGTH FOR WOMEN

Relieves Constipation and Stomach Trouble, Clears the Complexion and Tones Up the System

Most women are troubled more or less with constipation and indigestion with dizziness, sick headaches, nervousness and sleeplessness at times. If they only knew about Nerv-Worth how much pain would be saved them. Here is a woman who wishes every woman who suffers as she did could read this story and then try Nerv-Worth and be well again. She says: "At the time I started to take Nerv-Worth I weighed only 95 pounds. My stomach and liver were upset and I had been down in bed for eight weeks. Two weeks after I started to take Nerv-Worth I was able to go on a trip and now I eat anything I wish to and have no trouble at all with my stomach or constipation. I sleep well at night and weigh 120 pounds, thanks to the wonderful Nerv-Worth." That is what Mrs. Anna Zine, East Liverpool, thinks of this great remedy. You can get Nerv-Worth at almost any drug store—it is always to be found in the Bennett and Treat drug stores in this city and all druggists are authorized to give the money back if the first bottle does not give encouraging results. It is especially fine for delicate women and sickly children because of its pleasant taste and mild, though very effective action.

Newark, N. J.—Harold J. Earl was best man and his fiancee Miss Mary Flanagan was maid of honor when his grandmother Mrs. Margaret Clutterbuck married Peter Van Dyke of this city.

POTTERS CONCLUDE SESSIONS WITHOUT ACTION ON WAGES

Conservatives In Control, Resolutions Ask Few Minor Increases.

Atlantic City, July 20.—Delegates to the convention of the National Brotherhood of Operative Potters in the concluding session Wednesday failed to take any action looking to blanket increases in either the general wage or sanitary branches. Conservatives ruled again in the final deliberations. In the general there have been some ten or twenty resolutions adopted for different departments pertaining to wages in some way or other. These propositions satisfied the majority of the delegates as they would partly restore the cut of 17 1/2 per cent accepted last year.

There was no general wage resolution received from the sanitary trade. In fact it is uncertain whether the manufacturers in this branch will meet the men. The bosses, it is understood, stated last year that unless the potters accepted a wage reduction they wouldn't meet them in future conferences. No intimation has

been received here regarding their attitude.

Both the general wage and the sanitary wage agreement expire this fall, and the usual custom has been to thresh out propositions at the annual meeting of the men for submission to the manufacturers, and then to receive counter proposals. Conferences are then held to reach definite terms. The general wage conference is generally held in September, and the sanitary branch conference in October.

A resolution passed Wednesday requests that sanitary casters be compensated for loss of wage resulting from breaking in new moulds. Another authorized the appointment of a national statistician by the executive board at a salary of \$3,200 a year, subject to further approval by a referendum vote of the trade. A third provides for the appointment of a health inspector in the west.

The future course of Frank H. Hutchins of Trenton, who has been a member of the executive board for 22 years and has offered his resignation to become effective Aug. 1, still remained uncertain at adjournment of the convention. Overtures have been made to retain his services but no definite action was announced.

Alliance — Charles O. Graves has sued Guy H. Blume, who he claims alienated the affections of Mrs. Graves, the mother of three minor children. Graves is seeking \$25,000 damages.
